Hallway  
Living room

*Get Inspired!*

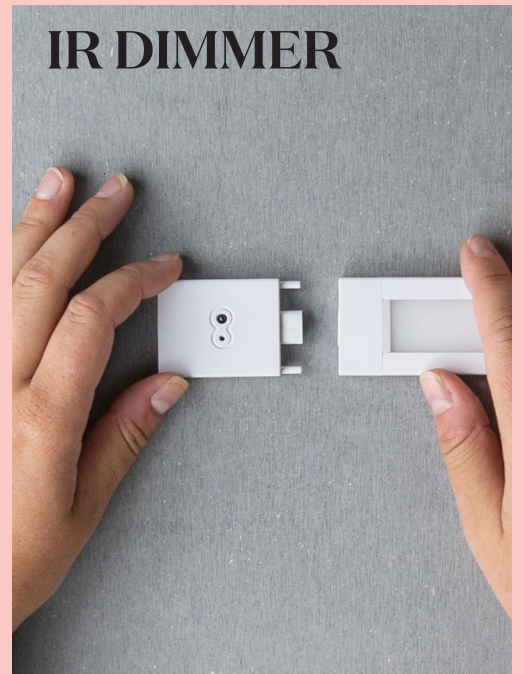

Use Combine as a functional working light over your kitchen bench.

**TOUCH DIMMER**

**IR DIMMER**

**CORNER CONNECTOR**

## 1. Choose place

The Combine series has two models and multiple designs for you to find what suits your style.

Combine can be used in several environments such as the kitchen, bedroom and hallway. This makes Combine easy to adapt into your home.

## 2. Choose Design

**Combine Rail** comes as 30 cm, 50 cm and 100 cm.

**Combine Spot** comes as 10 cm and 15 cm. Choose design based on which surface you want to lighten and what light scattering you need.

## 3. Choose accessories

Combine is designed for different environments and with a wide range of accessories. The system also has different dimmer functions such as Touch Dimmer and IR Dimmer to choose from, select which accessories suits your lighting needs best.
